<https://www.linkedin.com/in/wenslause-busale/> <https://github.com/winslause>

I am a software engineer. I aim to use and obtain more skills in my career line and be effective in all my responsibilities. I am passionate about learning and gaining more experience. I am also a good team player.

## EDUCATION

Kirinyaga University: 2019 – 2023      Software Engineering

## SKILLS

- Programming Languages: Python, PHP, JavaScript
- Frameworks: Flask, Django, Angular
- Tooling: Git and GitHub, Anaconda, QGIS, ArcGIS
- Structure: HTML/CSS
- Networking.
- Hardware & Software systems maintenance

## EXPERIENCE

### TOTOISCABS AND TRAVEL COMPANY

11/2024 - I developed a full website for the transport company using JQUERY, BOOTSTRAP, AJAX, PHP, JS in the form of a content management system. The system contains a user-friendly interface with the admin portal. <https://totoiscabsandtravel.co.ke/>

### KWANZA PHOTOGRAPHY COMPANY

I developed a CMS website for Kwanza photography company to help them manage their customer, market their business and manage their sales using PHP LARAVEL, AJAX, JQUERY, BOOTSTRAP, JS
